<u>DNA Tests</u>	<u>Cost</u>	<u>DNA -ACCEPTED SAMPLE TYPES & SHIPPING INFORMATION</u>
171 Scrapie Codon (RR, QR, QQ results)	\$11.50	<p>BLOOD TUBES 2-3 cc whole blood in “purple top” EDTA tube (Be sure to rock tube back and forth after collection).</p> <p>SHIPPING TUBES: Ship tubes in well padded box. In hot months ship overnight, or include an ice pack and ship via 2-3 day delivery. In cooler months, tubes can be shipped via regular / ground delivery without ice.</p> <p>PRESERVED TISSUE DNA EAR PUNCH systems such as Datamars, Hauptner-Typifix & Allflex (Call the office to order supplies). These methods all have a preservation agent in the collection tube. After collection the tissue can be stored for several years at room temperature. Do not refrigerate or ice these types of tissue sample.</p> <p>SHIPPING DNA TISSUE PUNCHES: Ship in a padded envelope or box via regular/ ground delivery.</p> <p>FROZEN TISSUE: The tissue can be taken from almost anywhere on the animal, but is usually an ear or tail sample. If the animal is deceased, any non decayed sample is acceptable. The sample must be a minimum of 1/4” and must be frozen very soon after collection.</p> <p>SHIPPING FROZEN TISSUE: Ship over night on ice.</p> <p>BLOOD CARDS We are set up to use FTA Whatman blood cards using Whatman reagents and protocols. If you choose to submit another brand of blood card, we will do our very best to get a result for you, but we can not guarantee that we will be successful. If we are unable to get a result, you would need to resubmit the sample and pay to have the sample tested again. If you use Whatman cards and we do not get a result, you can resubmit at no additional charge.</p> <p>SHIPPING BLOOD CARDS: Blood cards can be shipped via regular/ ground delivery.</p>

* **RUSH TESTING** 24-48 hour RUSH option is available for DNA testing only (weekends are not included in the 24-48 hours). Cost is \$10 extra per test.

Example: If you have 2 samples and you would like Codon 171 and Spider rushed on both samples, that would be a total of 4 RUSHED tests. Therefore the "RUSH" fee would be \$40 plus the cost of the testing.

- Check the "RUSH" box next to each sample that you would like to have rushed. If there is more than one test requested for the sample, indicate in the notes section if all tests should be rushed for that sample, or indicate what tests should be rushed for that sample.
